### **Trial Eligibility and ORTs**

The ORT Title must be earned at least 14 days before a trial opening date to be eligible for the first draw period. All odors must be passed in order to earn the ORT title. It is not required that they all be passed at the same test.

### **Notification**

Acknowledgement of entry acceptance/confirmation will be made by email when entries are processed for those handlers that provide an email address. If you require a confirmation via USPS, you must provide a self-addressed stamped envelope with your entry. Your payment receipt and notification is confirmation of your completed entry.

### **Basic Description of the Test**

To successfully pass an ORT a dog must identify the location of the target odor and the handler must correctly call an “alert” within a three-minute time period. The Odor Recognition Test consists of a drill type exercise which requires 12 closed boxes typically set up in a pattern of two rows, spaced a minimum of 48” apart. The ORT is conducted on leash. Complete information can be obtained on the NACSW website. Handlers may test on all 3 odors at the same event.

*All exhibitors should obtain and review a copy of the **NACSW K9 NOSE WORK® RULE BOOK**. You may get it from their website: [www.NACSW.net](http://www.NACSW.net)*

**No dog will be given more than one space in the same odor test at a single event.**

## **CANCELLATION POLICY**

A 100% refund will be given for any requests for withdrawals received prior to the closing date. All cancellations must be emailed to [ORT@4PawsDogWorks.com](mailto:ORT@4PawsDogWorks.com)

No refund of entry fees will be made for entries cancelled after the closing date, except in the cases of bitches that come into season. Entry fees shall not be refunded if a dog or handler is absent, disqualified, or excused by the NACSW official or judge.

*This cancellation and refund policy applies to competitors that must withdraw for any reason including but not limited to injury, illness, emergency, and personal or work-related reasons.*

*If the ORT cannot take place or be completed by reason of fire, civil disturbances, an Act of God, public emergency, or any other cause beyond the control of the test organizers, then the ORT host will make their best effort to provide partial refunds after recouping their expenses.*

All cancellations must be emailed to the Secretary: [ORT@4PawsDogWorks.com](mailto:ORT@4PawsDogWorks.com)

## LOCATION DETAILS

### **ADA Site Specific Conditions**

4 Paws DogWorks is a single level facility with no stairs. Parking areas are gravel or black top. If you wish to have a hard surface parking spot, AND you have a handicap placard, please make a note on the entry form. LIMITED SPOTS AVAILABLE.

Doors are all manual, with some having a threshold. Someone will generally be near doors should you require assistance.

During searches, there is limited access to restrooms.

***Due to unforeseen conditions, such as weather or change in availability of areas at the location, these conditions may be modified at the last minute.***

Modeled after real-life detection work, NACSW events are held in many different locations, with a variety of terrain, under varying weather conditions. Dogs and handlers need to be able to safely negotiate a variety of surfaces, including, but not limited to, tile, linoleum, carpeting, gravel, asphalt, uneven surfaces, and slippery footing. Handlers should be prepared to deal with a variety of weather conditions, including heat, cold, rain and snow. Events frequently require covering extensive distances to get to and from the parking area to each of the search areas and generally require that this be done across natural, uneven surfaces. Handlers should be prepared for the physical demands and must be able to navigate the terrain with their dog accordingly. Handlers should expect to spend most of the day outside or in their vehicles as there are rarely indoor crating options at events. Please be prepared for you and your canine partner to deal with all of these varying environmental challenges. Handlers should familiarize themselves with potential regional risks and health concerns that may affect themselves or their dogs. Handlers agree that they are entering this event at their own risk.

***Due to unforeseen conditions, such as weather or change in availability of areas at the location, the details below may need to be modified at the last minute.***

## DOG INFORMATION

### Dog Policies

- All dogs must be on a 6' leash at all times when not searching. NO flexi-leashes while not participating in a search.
- Reactive and/or spatially challenged dogs should wear a red bandana (to be provided by the dog's handler) to help signal others that the dog needs extra space from other dogs.
- Dogs will be toileted in designated areas and handlers must pick-up and dispose of waste.
- Dogs and handlers must stay in designated areas to avoid contaminating search space, interrupting a search, or from viewing any part of the searching.
- Handlers should expect to keep their dogs confined in a crate or vehicle when not searching. The logistics of an event typically do not allow for dogs to hang out on leash in between searches. Handlers should plan to provide their own shade using canopies or shade cloths.
- Refer to location details (above) for information on unentered dogs.

### Females in Season

Females in season will be allowed to run wearing "pants" at the very end of the day after all other dogs have tested. Handlers with females in season should park and toilet their dogs away from the other dogs if the location logistics permit. Handlers must email the Secretary so plans can be made for the dog.
